DEPARTMENT OF MASTER OF COMPUTER APPLICATIONS

INDUSTRY VISIT REPORT

Date	09-12-2019
Company	APSYS SOLUTIONS, Raghuvanahalli, B'loru
Number of Students	55
Faculty Coordinator	Mr. Venkatesh A
Faculty Members	Mr. Sudarsanam P Mr. Dwarakanath GV Ms. Drakshaveni DV

Outcomes:

- 1) Students got awareness about Industry work environment and work process.
- 2) Students got exposure to real-time applications development and interacted with company people.
- 3) Students got an idea about IoT projects, relevant tools and technologies.
- 4) Students got an idea about how to prepare themselves to be industry ready.
- 5) Students explored about student projects and Internship opportunities.

Summary:

Students were introduced to the industry work environment, state of the art facility available at Apsis Solutions. Few product demonstrations were done in front of the students to give them exposure about what they are doing at Apsis. Later students were taken to the seminar hall to explain in detail about the nature of projects they are working on, tools and technologies used at Apsis. Students asked questions about the industry practices, future demand and opportunities for students to do internship at Apsis solutions.
